

Computer Science and Software Engineering Department 2009 Engineering Expo Events (all are free):

1. **Workshops:**
 - a. Learn how to program in Visual Basic
 - b. Learn how to program using Alice
 - c. Stay tuned for more workshops and details.
2. **Gamers:** Come see the student built arcade and play the games written by UWP students. Also, talk to the developers and learn about the design and implementation of computer games.
3. **Graphics and other Projects:** Too many to describe!
4. **Job\$:** Hear about UWP's Computer \$cience and \$oftware Engineering program. Six of the ten fastest growing career\$ for this decade are in Computer \$cience and \$oftware Engineering fields.
5. **and more!**
