AOC Proposed Questions for 2014-2015

1. What are the goals and outcomes of your program? How do your goals and outcomes align with the overall goals and outcomes that are part of general education? When was the last time these outcomes were assessed?
   a. Provide a Curriculum Map indicating in which courses/activities each Learning Outcome is introduced (I), reinforced (R), or taught to Mastery (M)

2. What tools are you using to assess the goals and outcomes in your program? Indicate the last time that these tools were administered. What are your results?

3. What tools are you using to assess the outcomes in your general education courses (if applicable)? Indicate the last time these tools were administered. What are your results?

4. What changes have you made based on your assessment results? Have those changes worked?

5. What are the results of your most recent review by your accreditation body (if applicable)? What strengths and weaknesses did your accreditation body identify? What changes are you making as a result of their recommendations?
