The goals of APC IT study

1. The Academic Planning Commission at the University of Wisconsin-Platteville (UWP) has asked the Academic Information Technology Commission conduct a survey in assessing the information technology needs of the academic units at the university.
2. The APC has specifically stated that the survey should answer the following questions:
   1. Does the program have the necessary technology resources?
   2. Are there technology resources that would help facilitate teaching and learning for the program?
   3. Are there any big-ticket technologies resources that the program is planning to purchase.
   4. Does the program have a plan for acquiring the resources necessary to purchase this big-ticket item?

I. APC Question 1: Does the program have the necessary information technology resources?

To answer this question we need to ask all faculty and teaching staff members to answer the following questions. The tools in both columns must be listed, and in doing so, we need to ask the OIT for assistance.

1. Please identify the information technology tool you use currently.
