Assessment Review Questions

Attach your current assessment plan and in 1-3 pages, answer the following questions:

1. What evidence do you have that students achieve your stated learning outcomes?

   The Cooper Living & Learning Center is an auxiliary facility of the University that serves as a retreat center providing overnight accommodations, meeting and recreation space for the social development of individuals in a rural environment.

   Students utilizing the Cooper Living & Learning Center are typically between the ages of 8 and 23, from elementary, high school and college levels.

   Learning outcomes are assessed by a guest evaluation card given to each overnight guest and event coordinator. This evaluation assesses the satisfaction of the experience a guest has with the facilities and services provided.

   Guests develop skills and knowledge in the particular area of interest being focused on during their stay.

2. What have you learned as a result?

   The Cooper Living & Learning Center has learned to adapt to the needs of guests. The primary responsibility is to create a comfortable atmosphere in which guests may learn and achieve their individual goals from the time they arrive.

3. What, if any, changes will you make in order to improve student learning?

   The Cooper Living & Learning Center will continue to work closely with event coordinators and guests to assess their overall experience. The guest evaluation card is revised each fiscal year for assessment purposes.
