2. Announcements.
   Shane presented the dates for next year’s meetings and a list of programs up for review next year. Lynn Bouck’s and Julie McDonald’s terms on the committee have ended. 
   A meeting was held involving faculty teaching courses satisfying the Natural Sciences requirement for graduation. A similar meeting was held for Historical Perspectives. Minutes were sent to all the faculty involved. These will be discussed at a later date with the Academic Standards Committee. 
   Tom questioned the appropriateness of George Smith presenting his analysis of the last NSSE survey to the AOC. It was an oversight to not have invited him. Shane will contact George about making a presentation to the AOC after the new data is available in late fall 2006 or early spring 2007. 

   Tammy Salmon-Stephens presented the assessment report for the WEP program. After some discussion, there was a formal motion to receive the report. 

4. Review assessment report of Communication Technologies 
   B. J. Reed presented the assessment report for the Communication Technologies program. After some discussion, there was a formal motion to receive the report. 

5. Review assessment report of Industrial Technology Management 
   Dick Klawiter presented the assessment report for the IT program. After some discussion, there was a formal motion to receive the report.
