The School of Business requires 240 hours of work at an approved internship to complete a required 3-credit internship.

**However, students receiving financial aid must meet these additional requirements:**

- **Students who are applying for financial aid for a summer internship:**
  - To be considered a part-time student for financial aid purposes in the summer, you must work 40 hours per week for 8 weeks.
  - If you have completed all other degree requirements and are only enrolling in a 3-credit summer internship, you must work 40 hours per week for 15 weeks to be considered a full-time student for financial aid purposes. (This means you will most likely finish your internship in September.)

- **Students who are applying for financial aid for a 6-month or semester internship:**
  - To be considered a full-time student for financial aid purposes, if you are NOT taking any other UW-Platteville classes during fall or spring semester, you must work 40 hours/week at the internship for 15 weeks. This applies even if your internship began in the summer.
  - If you are enrolled for 6 credits in addition to your 3-credit internship during fall or spring semester, you must work 20 hours/week at the internship for 15 weeks to be considered a full-time student.
  - To be considered a part-time student for financial aid purposes, you must work 20 hours/week for 15 weeks at your internship if you are not enrolled in any other courses during spring or fall semester.
