We recommend that the funds for supplemental pay for Classified Staff and Limited Term Employees be dispersed as follows:

LTE’s – all funds should be dispersed equally amongst all LTE’s that have been employed since July 1, 2013.

Classified Staff – Employees who have had at least 3 years of service to UW-Platteville making less than $15.00 an hour and are between 0-20% above the minimum of their pay scale; should receive a 2 step lump sum payout.

Employees who have at least 3 years of service to UW-Platteville and are making between $15.00 and $20.00 an hour and are making between 0-20% above the minimum of their pay scale should receive a 1 step lump sum payout.

Any leftover funds should be carried over to the next year to be put toward this same goal.

We would recommend that this same procedure be used for allocation of such supplemental funds in 2015.
