Math 10 and 15 Calculator Policy

A Scientific calculator is required for Math 10 and 15. Some brands are not allowed because of capabilities that interfere with the course objectives. Students should carefully check their calculators to make sure they have one on the following approved list.

- These calculators are approved for all Math 10 and 15 activities and tests:
  - TI-30Xa
  - TI-30X IIB
  - TI-30X IIS
  - TI-34 II Explorer Plus
  - TI-36X II
  - TI-36X Solar
  - Casio FX-115MSPlus
  - Casio FX-300MSPlus
  - Casio FX-260Solar
  - Casio FX-250HC
  - Sharp EL-531WBBK
  - Sharp EL-531WBBL
  - Sharp EL-501WBBK
  - Sharp EL-501WBBL
  - Sharp EL-500WBBK
  (also sufficient for Math 1830)

- The following calculators are NOT allowed for any Math 10 or 15 tests:
  - Any Graphing or Programmable calculator.
  - Any cell phone - phones need to be stored away during class
    - TI-30XS MultiView
    - TI-34 MultiView
    - TI-36 Pro
    - Casio FX-115ES
    - Casio FX-300ES
    - Sharp EL-520WBBK
    - Sharp EL-506WBBK
    - Sharp EL-W516B
    - Sharp EL-W535B

- Basic calculators do not have enough features for Math 10 or 15.

- Business / Financial calculators are not appropriate for Math 10 or 15.

- Pictures of some of the prohibited calculators are shown on the next page.

When reviewing your calculator needs, also consider the calculator policies for the college math courses you plan to take. Click this link, and click the course to see the calculator policy in the syllabus: [http://www.uwplatt.edu/math/courses.htm](http://www.uwplatt.edu/math/courses.htm)
These Calculators are NOT ALLOWED in Math 10 and Math 15

- TI-34 MultiView
- TI-30XS MultiView
- Casio FX-115ES
- Casio FX-300ES
- Sharp EL-520WBBK
- Sharp EL-506WB
- Sharp EL-W516B
- Sharp EL-W535B
- TI-36 Pro
- All Graphing Calcs
