4. UWP Alcohol and Substance Abuse Policy Review: Goals, Timeline, Division of Labor: Discussion regarding where we left off and plan to continue this goal in stages. Roger reviewed significant areas where UW-P does not have a statement/policy. Roger stated that he has two graduate assistants that he would assign the task of creating a document with the policy language for each area based on other UW institutions’ policy statements. We could then look at these as a committee and decide what we would like to propose through our policy approval process. Amy will contact Rich Egley to gain knowledge about the approval steps.
5. Roger shared that the final report of the AODA survey will be forthcoming. He will provide us with the executive summary of this report at our next meeting.
6. Robert asked about sanctions for students violating policy. Roger shared Statute 17 language and followed with outlining the intent and response.
