Members Present:  Deirdre Dalsing, Tim Deis, Vickie Dreessens, Chris Frayer, Linda Mulroy-Bowden, Todd Riley, Lisa Schumacher, Brenda Sunderdance, Kim Tuescher, Judy Wurtzler

- Discussion of the UWP Smoking Policy: There are indications that the Smoking Policy may be rescinded. The committee felt this is not a good idea and it is an important issue that should not be dropped. The committee will readdress it in the fall and ask Dr. Viney to attend one of our meetings.

- Vickie Dreessens reported on Student Health Services:
  - The National College Health Assessment Survey was administered to only freshman this year. It is hoped to resurvey this group in two years after they have used the services on campus. The current survey should be complete in 6-8 weeks and will be discussed at the fall meeting.
  - The 10,000 Step Program was very successful this year. There were 78 five member teams, ½ of the teams consisted of students. This program partnered with the Confucius Institute. The Institute provided many incentives to the program. Kim Tuescher shared that there may be an interest from students next year to have a UWP Biggest Loser Program.
  - The Student Health Services will be switching over to Electronic Medical Records this summer and will be put into place next fall.
  - The front desk of Health Services will be remodeled this summer. It will make it more handicapped assessable.

- Dierdre Dalsing reported on Student Counseling Services:
  - There are newsletters on-line at the counseling website available to faculty and staff to help educate individuals on issues of mental health.
  - Next fall workshops on depression and suicide prevention will be offered. Linda Mulroy-Bowden discussed how these workshops ties into the Student Risk Assessment team on campus and the role this committee plays.
  - The RESPECT committee will lose funding from the Opportunity grant next year but plans for the program will continue.

This was the final meeting of the Student Health Care Committee for the 2009-2010 academic school year.
