- The committee reviewed the minutes from the December 8th meeting. No changes will be made but any concerns need to be expressed before Friday April 15th. They will be posted at that time.

- Vickie Dreessens gave the Student Health Services(SHS) Report:
  - The change over to the use of the electronic medical records has been going more smoothly. It is getting easier to use and the number of patients seen has returned to what it was before the system was implemented.
  - There has been an increased rate of students who have needed mental health prescriptions written. The time needed to address these issues is taking appointment time away from the primary care patient. This issue has been forwarded to Dr. Viney.
  - The 10,000 Step program is underway. There has been a good turn out and the numbers of participants are approximately ½ student and ½ faculty and staff.
  - April is Sexual Assault Awareness month. Josh Jasper will be visiting with administration about violence intervention on April 28th.

- Deirdre Dalsing gave the Student Counseling Report:
  - The counseling staff is preparing for big changes this coming fall. Two of the counselors will be retiring this summer. It is not sure when or how the search for these positions will take place.
  - The student counseling services are going through an assessment survey with their clients. Efforts are being made to keep client confidentiality.

- Jon Lovett gave the Student Support Services Report
  - No issues were addressed at this time.

- Linda Mulroy-Bowden reported that the Body Image Display that was to take place earlier in the year was cancelled due to the health of the presenter.

- Curt Fatzinger reported that the student use of the PAC center has doubled since the remodeling took place. Memberships have dropped due to the increase in the cost of memberships.

- Lisa Schumacher reported that the Senior Health Promotions class is offering a Fun Run on Saturday May 7th at 2:00pm. The run will take place at Memorial Park.

- This is the final meeting of the Student Health Care Committee for the 2010-2011 academic year.
