RE: Draft text for catalogue language on the fulfillment of 3-credit international education requirement:

The University International Education Committee has met and reviewed language in the undergraduate catalog. The Committee is proposing to change that language as follows:

[current language]
In addition to courses approved for international education, the international education requirement may be satisfied through documented course work undertaken through participation in foreign exchange programs or study abroad programs. Short-term visits of less than six weeks duration and/or trips undertaken primarily for tourism or recreational purposes may not be used to fulfill this
requirement.

[proposed language]
In addition to courses approved for international education, students may satisfy the international education requirement through documented course work as part of an international exchange program or education abroad program or through participation in 3 credits of faculty-led, short-term international study programs. International trips taken for tourist or recreational purposes do not fulfill this requirement. Degree-seeking international students fulfill the international education requirement by studying abroad at UWP.
