7. University Women’s Council Celebration of Women Video. Comments:
   - Title slide needs to say “University Women’s Council”
   - Fix department on Mary Rose Williams titles (should be Communication Technologies)
   - There is a slide with Deb Schulman sitting next to the first female coach at UW-Platteville. There is a name/title for Deb in that picture, but not for the other woman. Please add the other’s name.
   - Slides should be added to include the accomplishments of women and women’s programs over the years in order to make the program more up-beat. More of a celebratory tone needs to be set in the video. Martens will work with media services to make some changes. Wildermuth will help, as well.
8. Other Celebration items:
   • Martens passed out posters for folks to take and distribute.
   • We need to push the event. To date we have sold only 12 tickets. The food order will need to be placed by next Tuesday.
   • We’ll have one program—a large poster on an easel as folks walk in.
   • There will be a podium set up, and projector for the video. Val will check on these items.
   • There will be a registration table. Schulman will bring tickets to give out for the complimentary drink. Also, we’ll have foundation brochures on the table.
