For tenure recommendations only.

Years credited toward tenure when hired: _____

Number of current department teaching positions filled with:

Tenured Faculty: _____ Tenure Track Faculty _____ Instructional Academic Staff: _____

a) It is university policy that the proportion of tenured to non-tenured faculty must be continuously examined and evaluated especially in any department or college with a tenure density in excess of 70 percent. Tenure should be recommended only in those cases where the candidate has received the appropriate terminal degree and is deemed to be an exceptional present and future asset to the department and university.

b) Tenure should be recommended only by a department that can demonstrate long-term programmatic need. Ordinarily tenure should not be recommended by a department characterized by a tenure density over 70 percent or by falling enrollments. Written justification to exceed these limits must accompany a recommendation from the department. Attach justification should the 70 percent limit be exceeded.

Was there a contractual agreement for the completion of a terminal degree or equivalent? Yes / No

If yes, has this contractual obligation been met? Yes / No

If no, please explain:
