University of Wisconsin-Platteville National Science Foundation
STEM Scholar Master’s Program Scholarship Criteria

About this scholarship:
The STEM Scholar Master’s program is a five-year program funded by the National Science Foundation. Each fall, the program awards scholarships to graduate students at the University of Wisconsin-Platteville pursuing their degree online in one of the three areas: Engineering, Project Management, and Integrated Supply Chain Management. Each scholarship recipient will be awarded up to $10,000 throughout their two-year program.

Opportunities of STEM Master’s Scholars:
- You will set goals using a STEM Scholar Success Plan with input from your Advisor, Peer Mentor and Career Champion.
- You will participate in networking and professional development opportunities once per month.
- You will have access to a Peer Mentor and Career Champion who will guide and mentor you throughout your first year as you participate in scholarly activities.
- You are encouraged to participate in research and conference presentations.

Scholarship Requirements:
- Undergraduate degree in a STEM field with a minimum of 3.0 undergraduate GPA
- U.S. citizen or permanent legal resident of the U.S.
- New student to one of the programs listed above
  - Transfer students will be considered. Scholarship may be pro-rated for students completing the program in less than the projected two years.
- Completion of Free Application for Federal Student Aid (FAFSA)
- No outstanding financial obligations with University of Wisconsin-Platteville

Continuing Scholarship Requirements:
- Maintain 3.0 GPA and be in good standing in graduate program
- Participate in scholar activities
