ALABAMA COMMISSION ON HIGHER EDUCATION
NON RESIDENT INSTITUTION CERTIFICATE OF APPROVAL

The University of Wisconsin System has requested permission on behalf of the independently accredited campuses located at Madison, Milwaukee, Oshkosh, Platteville, Stout and the University of Wisconsin-Extension to offer the attached on-line programs in Alabama.

Inasmuch as the programs requested are in compliance with the Commission's regulations governing the approval of courses offered by non-resident Alabama institutions, permission is granted to the University of Wisconsin System on behalf of the campuses referenced above to offer the attached programs identified in Alabama for a period of two years from the Alabama Commission on Higher Education Certificate of Approval date of issue.

Approval is contingent upon the inclusion of the following disclaimer in all marketing materials (catalogs) describing degree requirements for degrees offered by the institutions listed above within the University of Wisconsin System:

**Teacher Education:** State authorisation to provide a program related to the preparation of teachers or other P-12 school/system personnel does not indicate eligibility for an Alabama certificate. Applicants for an Alabama certificate based on reciprocity must meet Alabama's test requirements and submit a valid, renewable professional educator certificate/license issued by another state at the degree level, grade level, and in the teaching field or area of instructional support for which an Alabama certificate is sought and for which Alabama issues a certificate. Applicants for Alabama certification in an area of administration must also document at least three years of full-time employment as an administrator in a P-12 school system(s). [www.aalsc.edu](http://www.aalsc.edu)

**Nursing:** State approval of a program to offer Alabama licensed nurses opportunities for advanced degrees does not indicate eligibility for approval to practice as an advanced practice nurse in Alabama. Applicants for approval in Alabama are required to meet the Alabama requirements for national certification, graduation from a specific-type program for the advanced practice approval, and completion of the appropriate application. Any program offering a pre-licensure track to Alabama students shall meet the requirements of the Alabama regulations for pre-licensure programs or the graduates may not be eligible to take the national licensure examination required by the Alabama Board of Nursing to enter the practice.
