Oklahoma State Regents for Higher Education
Flowchart for Online Degrees Offered by Out-of-State Institutions

Are you an out-of-state private postsecondary educational institution or public out-of-state postsecondary educational institution that offers college-level credit or college-level degree programs [e.g., associate, baccalaureate, post-baccalaureate certificate, master, post-masters certificate, and doctorate]?

YES

Will your institution have or does it have a physical presence as defined by Oklahoma State Regents for Higher Institutional Accreditation policy section 3.1.2?

YES

Consult with the Oklahoma Board of Private Vocational Schools (OBPVS) at (405) 528-3370. OBPVS is a state agency authorized to set minimum standards for private vocational schools which include standards for courses of instruction, financial stability, advertising practices, and reasonable rules and regulations for the operation of private vocational schools within the state.

NO

Contact José Dela Cruz [jcruz@osrhe.edu] to request information relating to the process for authorization and approval to operate in Oklahoma.

NO

Does your institution have academic programs or courses which require experiential learning activities [e.g., clinical rotations, externships, internships, etc] and/or proctored examinations?

NO

There is no need to be coordinated with this office to become authorized to offer academic programs or courses that are delivered exclusively online.

YES

Is the onus on the student to identify experiential learning [e.g., clinical rotations, externships, internships, etc] sites and/or proctors with college or university established guidelines?

NO

YES
