Dear Ms. LaBudda:

Thank you for your inquiry as to whether your institution’s degree-granting educational activities would constitute operation in Washington State. We are in receipt of the form you have completed concerning those activities.

You have indicated the following:

1. Your institution does not have and does not intend to have a physical presence in Washington State, which can include a branch campus, administrative office, or use of a Washington-based address and/or telecommunications number; and

2. Your institution does not conduct and does not intend to conduct local advertisement and recruitment in the state that would specifically target Washington residents, such as ads in local media or a recruiting agent based in the state; and

3. The degree programs offered by your institution do not include a component in which the student is required to complete an internship, externship, clinical training, etc. at a location in Washington State.

On that basis, it is the determination of the Washington Student Achievement Council that authorization by our agency is not required. Should the circumstances of your institution’s educational activities change, please contact us for a revised determination.

Sincerely,
