please check out our website at www.uwplatt.edu/ems/alumni/

Supporting membership is a good investment for you and your organization because it:

• Helps ensure the continuation of the education of quality engineers, mathematicians, scientists and computer scientists through scholarships
• Provides you with networking opportunities with students, colleagues and faculty
• Provides opportunities to speak to student organizations
• Provides you with “early access” to, and name recognition from, graduating EMS students
• Provides you with access to bulletin board postings of our recruitment notices in the College of EMS buildings
• Provides early notification of events on campus such as job fairs, seminars and speakers

Additionally, your organization’s support will be recognized:

• With a permanent plaque for your company suitable for hanging in a prominent location in your business
• With opportunity to provide company photos or artwork within Career Center
• Listing in the career fair booklet
• In the supporting member listing in the EMS publication, the Geode
• Spotlight of you or your firm in the Geode
• In the supporting members list on the EMS website
• On a display board at the annual Alumni/Graduating Senior Recognition Banquet at Homecoming

The EMS Alumni Association Chapter is a membership organization made up of people who have attended, graduated from, taught in, or worked in the engineering, mathematics, science and computer science programs at UW-Platteville, as well as businesses and organizations who desire an ongoing relationship with these programs.

The objectives of the chapter are to cultivate friendships and promote a mutually beneficial relationship between the university and alumni/friends/businesses and to advance the interests, standards and technical programs of the College of EMS at UW-Platteville in general.

The chapter is governed by an elected board of directors and is dedicated to establishing programs that support the engineering, mathematics, science and computer science programs at UW-Platteville. These include, but are not limited to, the annual Alumni/Graduating Senior Homecoming Banquet, recognition of outstanding alumni, scholarships, publication of the Geode and “M” maintenance.
