Commits to help green Wilgus by:

### WASTE

- Recycle all paper, plastic, glass, and metal.
- Recycle used toner cartridges, batteries, and cell phones.
- Avoid printing as much as possible, if printing, try to print double-sided and in black & white.
- Use reusable mugs, dishes, bags, and cutlery.
- Participate in Wilgus food compost pilot program.
- Donate used clothes and household items.
- Set computer and monitor to sleep mode.
- Unplug any electronics when not charging (ipad, cellphone).
- Turn off the lights & electronics when not in use.
- Have one refrigerator or less in your room.
- Draw the shades when it is hot outside.
- Set your heater to maintain moderate heat in winter (~68 degrees)
- Try not to open your windows in winter.
- Only turn on the lights as needed.
- Use natural lighting or a desk light instead of overhead lights when possible.
- Dry clothes on low heat or air dry clothes.
- Remember to clean dryer lint trap after each use.
- Walk, bike, or use Pioneer Transit to get around Platteville.

### ENERGY

- Turn off water while brushing teeth and washing hands.
- Limit showers to six minutes or less.
- Wash clothes only with FULL load.
